

17th Biennial

Adat Ari El Labowe Family Day School
Thursday, March 28, 2019

Frequently Asked Questions (FAQ)

What is Jump-a-Thon?

Jump-a-Thon is a challenging, fun, and educational biennial event, in which all students in our school jump rope for as long as they can, counting their jumps!

Who and what does Jump-a-Thon benefit?

This student-focused FUNdraiser improves our campus by identifying a specific need in our school that also promotes a healthy, active lifestyle. This year, proceeds will fund new Water Bottle Filling Stations all around campus. Supporting our mission to SERVE others, we will be donating a portion of our proceeds to Matt Damon's clean water initiative - water.org - whose mission is to bring water and sanitation to the world.

How can parents and family and friends get involved?

The success of Jump-a-Thon depends upon your children's hard work in partnership with yours.

- Work with your child to obtain sponsors through family, friends, colleagues, etc.
- Sponsors can commit to a flat amount or pledge on a per-jump basis.
- No amount is too small
- Aim to raise \$500
- It doesn't only have to come from your family. The key is sponsors, sponsors, and more sponsors.
- Remember, the more sponsors we have, the closer we get to our goal and the more we can re-invest in our school!

What happens on the day of Jump-a-Thon?

- First thing in the morning, the students are divided into groups of four.
- Each child, in turn, jumps rope until s/he reaches 100 non-stop jumps or until s/he stops.
- The student then goes to the end of the line and the next student starts jumping. This continues for one hour.
- A teacher or parent volunteer will count the number of jumps and tally the total jumps for each student.
- Water will be provided during the entire event.
- After the event, we will send you a report on how many jumps your child achieved and the amount due from your child's sponsors.

Am I allowed to attend?

Absolutely! We need volunteers, so please let us know if you are able to help on March 28.
